

Fertilizer Financial Markets Commentary/Curves NOLA FUTURES & SWAPS

UREA

NOLA UREA saw quite a bit of physical business today with more than 15 barges trading for July in a range of \$194 to \$198 but most of the barges traded in a \$194-\$195 range. Loaded barges were also done at higher levels trading at \$198 and was bid there on the follow. In the paper markets, it was quiet on paper until physical started popping off and then July futures traded \$195 and September traded at \$208 up \$1 from last done (\$207 traded yesterday). Overall values are a firmer today on tighter supply in NOLA. Some believe the barges bought today were for a re-export play but that has yet to be confirmed.

UAN

Values on UAN Swaps were slightly softer for the Q3 timeframe with sellers starting to chase bids lower after the index came out from one PRA today at \$120-\$130 for the week. However, Q3 swaps failed to trade today even though ranges are closer

DAP

NOLA DAP continues to be slow this week. Little activity and values are mainly unchanged.

INTERNATIONAL FUTURES

Urea paper markets were sluggish today, failing to trade ahead of the closing Indian tender tomorrow. However the market remained heavy on the sell side on paper, with sellers outnumbering buyers across the 3 intlurea contracts.
