### Supramax Commentary

A relatively quiet end to the week for Supramax paper, with liquidity impacted by a public holiday in Singapore. The prompt continues to push up encouraged by another strong index, up \$288, with August trading to \$11000 high. Most of the day's volume was concentrated on the backend, with Q4 trading from \$9850 to \$10000 and Cal22 printing \$9250. Have a nice weekend.
