## Supramax Commentary

A busy start to the week for Supramax paper, with rates coming under pressure following the larger sizes and any sharp bids getting sold. Aug and Sep both traded to lows of \$10350, while Q3 and Q4 traded down to \$10000 and \$9550 respectively. Renewed backend selling saw Q1 printing \$7600 and Cal21+22 package printing \$8900. We close with a thin on bids and generally lacking support down the curve. Have a nice evening.
