## Supramax Commentary

After a quiet and rangebound morning session, Supramax paper prompt rates came under pressure post-index. Following the larger sizes, Sept and Oct traded to lows of \$10400 and \$10700 respectively. A rangebound Cal21 and Cal22 made up most of the day's volume, printing \$9000 and \$9050 respectively. We close thin on bids on the prompt, with weight on the offerside. Have a nice evening.
