01 October 2020

### Supramax Commentary

A quiet day for Supramax paper, with rangebound rates in the morning session. Rates pushed slightly post-index with buyers chasing a thin offerside and Oct, Q4 and Q1 closed +\$100. Cal21 made up most of the day's volume, printing flat day-on-day at \$9200. We close with bids at last done down the curve, and thin on offers. Have a nice evening.

### Handysize Commentary

No reported trades amongst steady rates.
