## 14 June 2021

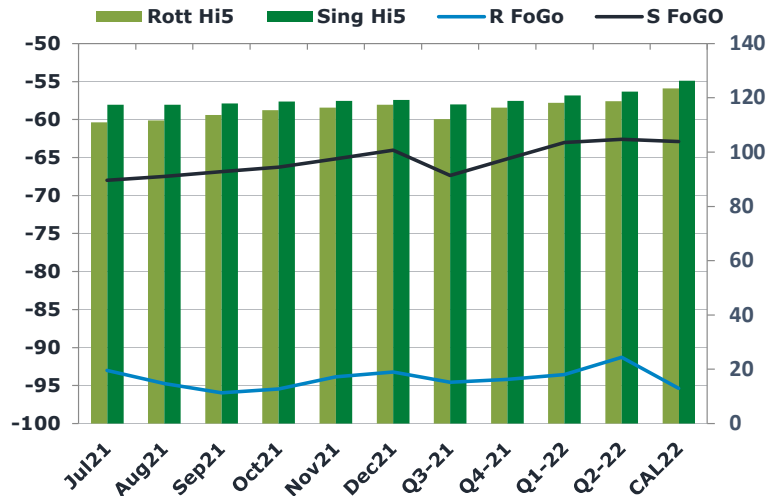

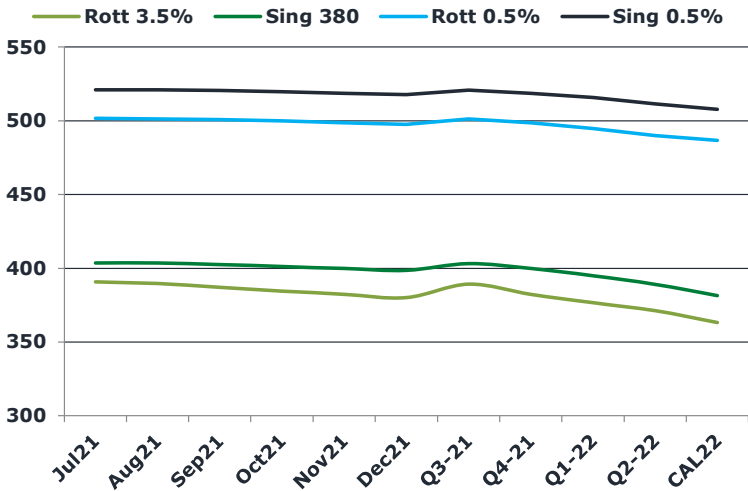

### Oil and Energy Market News

Brent crude oil front month futures ended the day up 0.7% on Monday, printing \$73.22 at 1635BST. Highs in the day reached \$73.64 and lows touched \$72.59.

A relatively quiet day on the wires as the Chinese Dragon Boat holiday meant many in Asia were celebrating the fifth day of the fifth month on the Chinese calendar. The UK is expected to announce this evening the extension of the final stage of lockdowns as cases show an uptick although the death count remains comparatively low.
