Evening Commentary

Spot rates were unchanged today. With the recent large moves down on the transpac fronthauls, particularly FBX01, the market move should encourage new bid interest at relatively better value. With ongoing Chinese lockdowns now taking more of an effect on the shipping picture, the decreased demand for Asia outward bound traffic could have wider implications, such as easing congestion in Europe and the US on top of the impact on overall Chinese economic performance.

- Box ship charter market heated for so long shows signs of cooling (Loadstar)
- Ukraine ships first seaborne grain cargo since invasion (Lloyd's List)
- Burnt lithium batteries found hidden in container in Shanghai (Container News)
- Forwarders slams Maersk 'incompetence' as alliances come into question (Loadstar)
- Container equipment imbalances increasing again (Lloyd's List)
- ONE announces new intra-India feeder service (Container News)
- Hamburg looks to hydrogen to decarbonise terminal operations (Lloyd's List)
