

London Iron Ore Market Report

London +44 (0) 20 7090 1120 - info@freightinvestor.com | Singapore +65 6535 5189 - info@freightinvestor.asia

15 February 2023

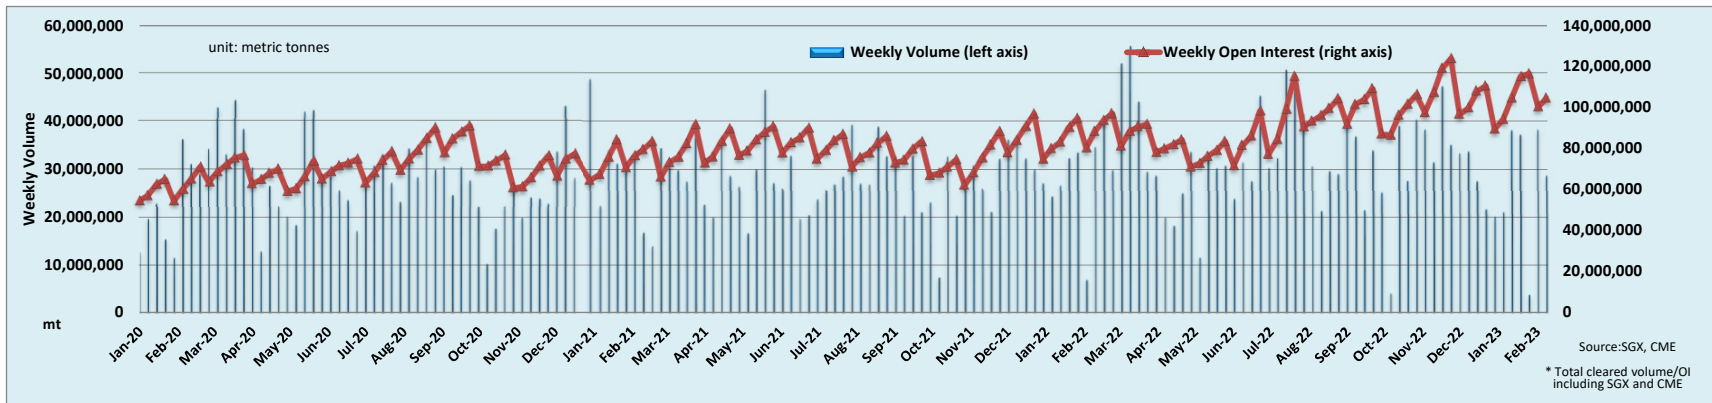

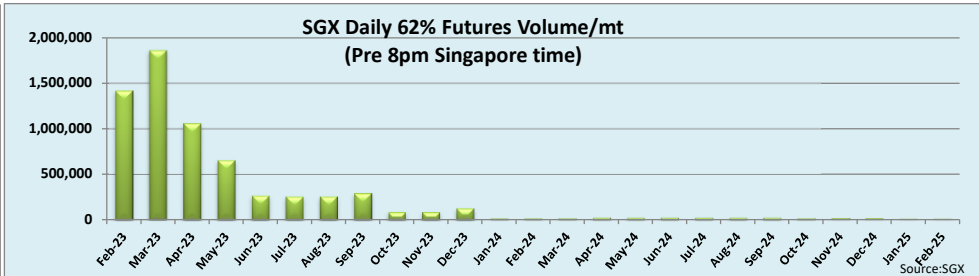

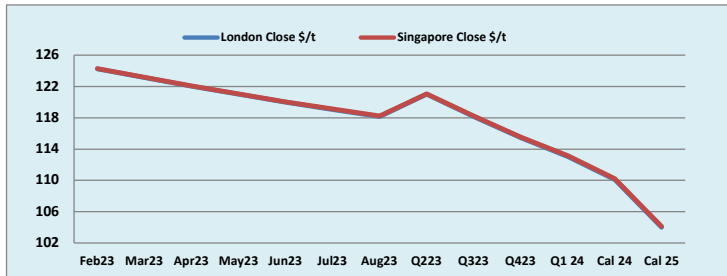

A game of two halves over the London trading day, with considerable spread interest seen over the morning and a fall in liquidity over the afternoon. Cal24/25, which closed out Valentine's day \$5.50, traded \$6.10 and then \$6.15, pushing spreads across the curve out considerably. This spread widening interest was also found in both the quarterly and monthly tenors as Q3/Q4 traded in several clips from \$2.60 to \$2.70 in considerable size. MAR/MAY was largely the most popular monthly spread, trading \$2.10 initially and going on to trade \$2.15 in 150KT post the London close. Have a great evening.
