

Fertilizer Derivatives End of Day Report

FUTURES MARKET COMMENTARY

NOLA

Quiet day in NOLA, market, while thin, seems to be weaker today. Bids for Aug urea barges were seen around the \$305-308 range and offers were at \$315 in line with the last done but no trades done at the time of writing.

INTL

While the UK enjoyed its hottest day of the year, the market was anything but. As it remained quiet. No trades to report at the time of writing, but we did see offers come in close to last done on AG and bids were thin.
