### Supramax Commentary

The Supramax market found support on the back of the larger sizes in the morning as Q1 trades up to \$9600 and the Cal25 trades up to \$10700. The prompt saw bid support before finding a level in the afternoon due to low liquidity as we close the day offered at the day's highs.

### Handysize Commentary

A quiet day for the Handy market and Jan vs Feb trades at \$1250 (\$10250 vs \$9000). Curve remains the same, in line with the larger sizes as we close where we opened.
