Market Commentary / Recent Trades

The Singapore day saw another fall in flat price, from a high of \$99.10 to a low of \$98.05.

Spreads initially came under pressure in the morning, with Jul/Aug trading at \$0.75 on 100kt and May/Aug moving at \$2.50 on 50kt. However, sentiment shifted in the early afternoon as spreads reversed course and widened modestly — Jul/Aug was seen trading again at \$0.75, this time on 200kt, while Sep/Jan followed with a \$2.60 print on 50kt.

As flat price softened further, May/Jun traded in a \$1.15–1.45 range on 200kt. Later in the session, Jun/Jul came under selling pressure, trading down to \$0.80.
