Verdict:

Our view is Short-run Neutral

Macro:

• The journal Qiushi published an important article by General Secretary Xi Jinping. The article emphasized the need to address the disorderly competition among enterprises involving low-priced and unruly practices. Sectors severely affected by "involution" must be effectively regulated in accordance with laws and regulations. It also called for giving full play to the self-regulatory role of industry associations to guide enterprises in improving product quality and promoting the orderly exit of outdated production capacity.
