Verdict-Our View is Neutral.

DCE Iron Ore September26 contract stabilized as expected and turned neutral, with open interest and trading volume edging lower. The price trended mildly higher over the eight hours starting from the final trading hour on June 8. A break above 763.0 may trigger intraday upside acceleration, while a sustained rally will require a breakout above 770.0.

First support 749.0, First resistance 770.0.
